

“Grow It” supplemental form

This supplemental form is designed to allow the TBCM Manager and Vending Committee to evaluate your products. **“Grow it”** products are: A product which is raw in nature and requires very little alteration to eat; a product which is garden or greenhouse grown which results in either an edible or non-edible product.

Please describe the product(s) that you grow and intend to vend at the TBCM. Include information on how you grow it, what makes it unique, why customers of the TBCM will want the product etc.
